AJ Associates

Overseas Manpower Consultants

Approved by Ministry of Labour, Govt. of India

We take great pleasure in introducing ourselves as A.J. ASSOCIATES, established in 2003, today is one of the most successful name in manpower consultancy firm.

A.J. ASSOCIATES has today become a name to reckon with in the sphere of human resource management consultants. A.J. ASSOCIATES was established almost since a decade as Human Resource Management Consultants and Manpower selection for Gulf & Mid East Countries after duly fulfilling the relevant conditions of Government of India. And further approved as a registered recruiting agent for overseas operations vide license from Government of India. Our office is located in Jalandhar, Punjab (INDIA), well equipped with infrastructural facilities and service personnel.

We are a Professional Placement Company and we have achieved success in a very short span of time and now we're one of the trusted partners among our clients. This was achieved mainly by effective management through a team of well qualified experienced and dedicated professional staff. We undertake recruitments for many Multi-National Companies working in the field of Construction, Petro-Chemical, electro-mechanical and hospitality industry.

We take pride in the fact that keeping pace with the rapid competition arising in the world; we have achieved the distinction of being among the most trusted firms fully-focussed on work commitment and quality. For any project to be brilliantly executed, it requires a sense of commitment and a dedicated, superbly skilled manpower. These two important factors that play such a major role in achieving success can be supplied by us.

After runaway success of A.J. ASSOCIATES, not just the company, but even the clients had high expectations. And by the dint of immaculate planning and sheer passion we put into their work, we didn't just meet, but exceeded the expectations! Today, A.J. ASSOCIATES is a name to reckon with when it comes to effective network implementations that actually make business sense for the client.

OPERATIONAL SETUP (TRAINING CENTER)

We've a database of over 10,000 CVs of various levels of engineering and other personnel. In order to maintain such a huge amount of data, we've a dedicated centralised database system connected to our computer systems. While short listing the suitable requirement, we use specially developed software in order to perform this task. The selection and short listing goes through various stages and the applicable match assures the most suitable match.

We have a separate, dedicated site for the training of the manpower we select. The manpower available with us is skilled; however we still train them in order to provide quality workers to the clients. For providing training to the persons, we've the skilled, fully qualified and professional staff working with us. We have in-house civil, mechanical, welding, electrical, instrumentation and industrial engineers for providing training.

Orientation exercises, followed by inductee training, follow up and assistance with contact between both parties viz. employer and employee maintained at all times.

We have excellent relations with consulates, airlines and local government authorities, which would ensure a quick completion of formalities and mobilizations.
